Help us respect the environment

**PRODUCTION AND SALE OF GARBAGE ROLLS
IN 3 LAYERS CO-EXTRUDED FILM
BIO COMPOSTABLE AND LDPE.**

COMPANY STORY MISSION

MAXPLAST SRL WAS ESTABLISHED FAR BACK IN **1974** AS AN INDIVIDUAL COMPANY FROM THE FORESIGHT OF **MR. PIERAGNOLI MASSIMO**, WHO TO THIS DAY IS STILL THE MANAGING DIRECTOR. OVER THE YEARS, THANKS ALSO TO THE HELP OF HIS DAUGHTER **CHIARA**, AND SONS **FABIO** AND **GIACOMO**, THE COMPANY HAS DEVELOPED AND EXPANDED ITS BUSINESS, BECOMING A BUSINESS SPECIALIZED IN THE PROCESSING OF BIODEGRADABLE AND COMPOSTABLE MATERIALS AND MULTILAYER MATERIALS.

MAXPLAST IS LOCATED IN A SMALL TOWN IN THE PROVINCE OF CHIETI, THE ABRUZZO REGION, IN THE HEART OF CENTRAL ITALY, ON THE ADRIATIC COAST. THE PRODUCTION SITE COVERS **18,000 SQUARE METRES** ON A TOTAL AREA OF **67,000 SQUARE METRES**.

OUR PRODUCTION SITE IS DIVIDED INTO SEVERAL AREAS, THE EXTRUSION AREA WHERE WE PROCESS THE POLYMERS PRODUCING THE FILM, AND TWO AREAS WHERE WE TRANSFORM THE FILM INTO BIO COMPOSTABLE AND LDPE GARBAGE ROLLS, EMBOSSED VACUUM ROLLS AND EMBOSSED VACUUM BAGS. IN RECENT YEARS, TWO OTHER NEW COMPANIES HAVE EMERGED, ALSO BELONGING TO THE PIERAGNOLI FAMILY, AND THEREFORE ASSOCIATED TO MAXPLAST SRL - **3 F SRL** AND **SUPERMAX SRL**. THESE TWO NEW COMPANIES, WHICH ALSO OPERATE IN THE PROCESSING OF PLASTIC MATERIALS, WERE CREATED TO PROVIDE SUPPORT TO MAXPLAST SRL, BUT ALSO A NEW WORKPLACE AND THE POSSIBILITY TO WORK WITH ALL RELATED PRODUCTS.

THE PIERAGNOLI FAMILY MISSION IS TO DO BUSINESS, BUT IT IS MAINLY AIMED AT THE SOCIAL CONTEXT, GUARANTEEING BUSINESS CONTINUITY WITH RESPECT FOR THE WORKERS, BUT MOST IMPORTANTLY FOR THE ENVIRONMENT THAT SURROUNDS US.

Help us respect the environment

Saccobello Bio

BIO COMPOST

GARBAGE ROLLS BIO COMPOST

FOR ORGANIC WASTE

3 LAYERS OF
RESISTANCE

MADE IN ITALY

100% OF CAPACITY

100% COMPOSTABLE
